

Specification Sheet

Product Name:	Recombinant Human EGF Protein (Biotin)
SKU #:	rp170191
Source:	Recombinant
Specifications & Purity:	EGF-Biotin, Active, Pichia pastoris, No tag, 971-1021 aa
Concentration:	
Formulation:	Lyophilized
Reconstitution:	This product should be reconstituted in 100µL of deionized water to make a 0.2mg/mL stock solution. Prepare working dilution on day of use. Stock solution is stable for about 8 weeks at 2-8°C as an undiluted liquid. Avoid freeze-thaw cycles. Protect from light.
Storage Conditions:	Store at 2-8°C, Protected from light

Parameter	Limit Values
Appearance(rp170191)	White to off-white powder
Flow	Conform
